In this article, the dosage information of remimazolam in the section “Understanding pharmacokinetics” was incorrect. The sentence was incorrectly given as “Remimazolam at 9–12 mg/kg/h maintained spontaneous respiration and allowed for rapid recovery in cases of endoscopy or fiberoptic bronchoscopy [43, 44].” but should have been “Remimazolam at 0.9–1.2 mg/kg/h maintained spontaneous respiration and allowed for rapid recovery in cases of endoscopy or fiberoptic bronchoscopy [43, 44].”

The original article has been corrected.
